# CAPABILITY STATEMENT

## About Us

GROW Gardens is a purpose-led social enterprise delivering professional gardening, landscaping, and maintenance services across Greater Melbourne. Every project we take on supports our deeper mission: creating meaningful employment pathways for Aboriginal young people through hands-on training and real-world work experience. We combine reliable, high-quality service with a commitment to growing stronger communities—one job at a time.

## Core Services

We offer tailored horticultural solutions to suit the needs of commercial, government, community and residential clients.

### Garden & Grounds Maintenance

Regular care for residential, commercial, aged care, and community spaces

### Landscaping & Planting

Functional, sustainable design and installation

### Community Garden Projects

Co-designed with stakeholders and built for shared benefit

### Clean-up & Restoration Services

One-off or recurring work, including site prep and post-project maintenance

### Adaptable Project Sizes

Whether it's a single raised bed or a multi-site maintenance contract

### Culturally Safe Service Delivery

Carried out with respect, flexibility, and care for people and place

## What Makes Us Different

### Purpose at our centre

We directly support young Aboriginal Victorians to develop skills, confidence, and independence through real employment

### Social Procurement Ready

We help you meet ESG and RAP goals, while aligning with Victoria's SPF & broader social value outcomes.

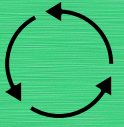

### Reliable & High-Quality

A combination of skilled mentors and motivated youth get the job done right, every time.

### Wraparound Support

Crew members receive paid training, wellbeing check-ins, and mentoring from the Killara Foundation.

### Flexible & Scalable

We respond quickly to evolving site needs, with capacity to deliver one-off jobs or ongoing service contracts

## How You Can Work With Us

As your **preferred supplier** for ongoing garden and landscape maintenance

On **short-term contracts** where timelines, quality, and professionalism matter

As a **Tier 2 delivery partner**, aligned with major contractors' procurement frameworks and social impact targets

On **grant-funded or community-led projects** where impact and inclusion are key

For **educational or wellbeing-focused spaces** that benefit from green, culturally aware design
